

Rectangular duct suspension bracket

EQZS

Description

This type of duct suspension bracket is a quick-to-install fastener for square ventilation ducts, especially when the suspension system includes threaded rods and self-drilling screws. The duct suspension bracket is fastened only to the underside of the duct to improve the ductwork load capacity and provide a safely suspended installation solution.

Available materials — Product code example

EQZS — galvanized steel sheet

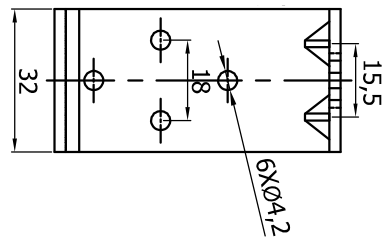

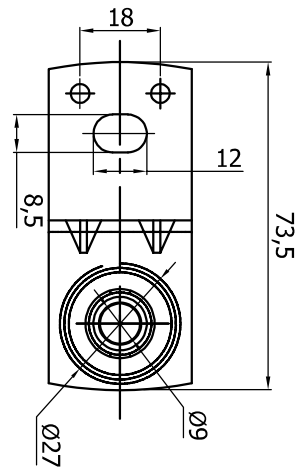

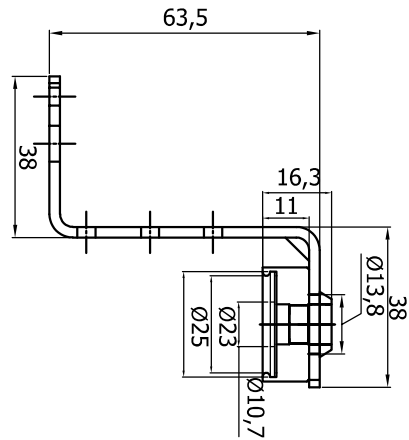

EQZS-K — 1.4301/304 stainless steel sheet
